## NET 30 CREDIT ACCOUNT APPLICATION

### NET 30 Credit Account Application for PCB Fabrication Customers

PCB Fabrication offers NET 30 payment terms for qualified business customers, OEM manufacturers, electronic product designers, engineering companies, government agencies, universities, research organizations, and industrial companies.

An approved NET 30 Credit Account allows customers to submit Purchase Orders (PO) for PCB fabrication, prototype PCB manufacturing, production PCB manufacturing, multilayer printed circuit boards, and quick-turn PCB fabrication services, with payment due within 30 days after shipment.

PCB Fabrication Company specializes in prototype PCB fabrication, production PCB fabrication, multilayer PCB manufacturing, rigid PCB manufacturing, high TG PCB fabrication, heavy copper PCB fabrication, and quick-turn PCB fabrication services.

We provide professional printed circuit board manufacturing services for customers throughout the United States.

Most applications are reviewed within one business day. Credit approval is based on business history, credit references, and payment experience.
